SQUASH CLUB

I am writing to you today to ask for your support in the development of a 10 year old squash player in Edmonton. Mohammed Elserafy has been invited by Jonathon Hill Coach of the Canadian junior Boys team to compete on the world stage at the 2019 British Junior Open this January. The costs associated with competing at this event are burdensome for a young family and I felt compelled to reach out to our community to help offset some of the expenses.

Having been involved in the Squash community for over 35 years, I have seen the rise of many promising juniors and I have personally had the privilege of hitting with many of our local boys, Matt Guiffre, Elliott Buchanan, Tyler Lee, Adrian de Vries, Blake Reinson to name a few. I can see many parallels with Momo. This young man deserves the opportunity to develop his talent and passion to the highest level. At the age of 10 he is the #1 ranked u11 in Canada and most recently having competed in the U13 Alberta Jesters he finished 3rd.

Not only is this young man talented and dedicated, he is very personable and a great young ambassador for our game.

The budget for Momo and his father Ibrahim to attend is \$3,000. Your contribution in any amount would be greatly appreciated. We have set up a sku at the ESC front desk to collect donations, just call the front desk at 780-306-2395, email info@edmontonsquashclub.ca or drop by.

This is not a tax-deductible contribution, this is just the squash community supporting one of its own!

Yours sincerely,

John de Vries
